

Heritage Square Historical Tours

Completed in 1991, eleven turn-of-the-century historic farm and city homes, as well as a church, water tower and pump house were relocated to Downtown Oxnard in an effort to preserve some of the special history of Oxnard and its early families. These beautiful structures were restored and given new life for office and retail use. Serving the community as an event and cultural center and major tourist attraction, Heritage Square houses a unique community theater in the basement of the Petit Mansion and a variety

of professional offices. Costumed docents provide walking tours of the 2.75 acre block. Tour packages can include catered teas and box lunches before or after your scheduled tour. Special seasonal events such as Ghost Tours (Oct.) and the Victorian Home Tours (Dec.) are also offered.
